Mediation Program request :

The plaintiff, Michael Mohamed Salami, IN-PRO-SE, respectfully moves this Honorable court to order the following terms :

- 1.) All defendants physically be present via zoom or phone capabilities with their counsel to attempt to resolve this Dispute through mediation, including plaintiff
- 2.) The MDOC Central bureau of Health services Health Unit Manager (HUM) be present in this mediation hearing by zoom or phone capabilities to facilitate effective communication,
- 3.) The defendants thru their counsel not be allowed to refuse mediation, and that mediation conference can be utilizes to try and resolve the matters effectively and equitable,
- 4.) The Mediation attorney be allowed access to plaintiffs Gender Dysphoria file in custody of Defendant Schmidt for review before mediation hearing conference,

The plaintiff would like to please be able to have an mediation conference to try and resolve this civil Rights matter effectively and peacefully thru the defendants legal counsel to expressed her situation efficiency and let the defendants know what their conduct does negatively to plaintiff and to try to diplomatically talk the matters out privately face to face. It would be very bennifical to the MDOC, defendants and plaintiff that the court order mediation participation and Denny any refusal to participate in mediation by defendants counsel . This Court could help resolve the disputes listed by denying any refusal for mediation by defendants and request mediation participation with all parties to be present to explain their side of reasons and vice versa which could possibly avoid any long , and drown out legal suit in which this court has more things to do then hear this easily resolvable matter.
